WELCOME!

Welcome to the Ray Cammack Shows Carnival Midway! We hope you enjoy your day with us!

The purpose of the Safe Ride Rules and Height Requirements is to assist all of our patrons in finding the rides or attractions that best suit them. As there are many types of thrills at the carnival, there are many types of interests and abilities that our patrons enjoy. Parents, you know your children best. Please evaluate the rides your child wants to ride and be sure they understand and are able to follow the rules to enjoy the action of the ride. It is important for their safety that they obey the rules of the rides they have selected. **Parents and/or supervising companions if your children are too afraid, please wait until next year. Please select rides for them that are within their capabilities and have them observe the action of the ride before they board.**

Parents, if you are not riding with your child and the ride rules/guidelines call for a supervising companion for your child, be sure the person you select is capable of supervising your child at all times. They must explain the rules to your child, and follow the ride rules themselves. **This person must be at least 14 years of age and meet the height requirement of the ride. All riders, including Supervising Companions, are required to have tickets to ride.**

ADA guidelines are available at any RCS Guest Service.

Please do not ride our rides if you are impaired by alcohol, drugs, or any other substance.

Should you have any questions or comments please advise us and we will be happy to assist you.

GENERAL GUIDELINES

General provisions are health-related and ergonomic advisories relate to virtually every ride and attraction. Rather than itemize them individually for each ride they are set forth generally below:

- Please observe all signs and comply with operator instructions. Please review the height restrictions and ride rules so you can comply. Some attractions do not allow open toe shoes. Some rides do not allow single riders.
- Observe the speed, height and motion of each ride or attraction. Do not participate unless you have the ability to ride safely.
- Food, Drinks and Smoking are not allowed on the rides as well as sharp or pointed objects. **Secure all loose objects** or items of clothing. We are not responsible for lost or stolen items.

Be personally responsible for not participating in any activity that could harm your health including a heart condition or high blood pressure; neck, back or bone disorder; nerve disorder, seizure, dizziness or motion sickness; recent surgery, illness or restrictive medication; or any other ailment which amusement ride or attraction participation may aggravate.
